

Trade Up. Cash In. Level Up.

If you're using a WireXpert 4500, or a qualifying competitor device — it's time to trade up. The **WireXpert MP** is Softing's most advanced certification platform yet, and we're making it easier than ever to upgrade.

Trade-In Device	Trade-Up Product	Trade-Up Value
WireXpert 4500	Copper Only MP	\$2,800
	Copper + Fiber MP	\$3,500
Competitor Devices	Copper Only MP	\$1,500
	Copper + Fiber MP	\$2,500

The **WireXpert MP** is Softing's modular certifier — built to grow with your business. It delivers fast, reliable testing for copper and fiber, including **multimode and singlemode OLTS** (quad OLTS) for complete Tier 1 certification. **XpertCam** captures high-resolution images for easy documentation, while **XpertScan** speeds up asset tracking with barcode and QR scanning. A rotating screen, zoomable touchscreen, and dual test buttons make testing smooth in any environment. The magnetic **Flip Tag** allows quick switching between Local and Remote roles. Designed for today's networks and tomorrow's demands, WireXpert MP is your future-ready field companion.

Trade-Up Conditions
