The easy path to the pinnacle of certification Award Winning Testers And Your Route to Savings This Fall

Our Fall promotion brings you our top products in the certifier range at our bottom price. Regardless of whether you certify copper cabling or fiber optic cabling, Softing helps you reach your peak efficiently.

Lighten your load with smaller form factor, use Dual Control System™ for your solo journeys, reach your destination with a clear view using graphical displays on both the local tester and remote tester, and use list-based testing to help plan your route.

Get the top two products from Softing, WireXpert 4500 and FiberXpert OTDR 5000, now, and reduce the altitude of your price by up to \$4,000*.

Valid only until Dec 21, 2023.

WireXpert 4500

Certify copper cabling up to CAT 8 to global ISO/TIA standards. Approved by over 30 cable manufacturers to enable warranty after installation. First year eXpertCare included. In stock!

FiberXpert OTDR 5000

Tier 2 fiber certification and analytics provides you with distance to events such as bend radius, splices, breaks, connectors, and check end face contamination for both multimode and singlemode fiber.
