

Trade in your old cable certifier against a new WireXpert 500 or WireXpert 4500

Trade in and get ...

WireXpert
4500

Latest technology in cable certification from the inventors of CAT8 testing: CAT8 and more, Fiber Tier 1 and MPO options – everything you need to certify high performance and high speed data cabling

... or

WireXpert
500

The choice for copper cable testing up to 500MHz, CAT6A, Class E_A. Fully upgradeable to WireXpert 4500 and CAT8 performance

Part#	Product	Price ¹	Trade In Price ^{1,2}	Saving
228103	WireXpert 4500 Trade In	8.795€	7.295€	1.500€
228104	WireXpert 500 Trade In	6.595€	5.595€	1.000€

Trade in any CAT5 or higher cable certifier³

Sooner or later, your old generation cable certifier turns into an unusable brick because the original manufacturer cannot support, repair or even calibrate the device anymore. Get ahead of the game and trade in your old DTX1800 or other brand cable certifier before it draws its final breath!

- Eligible products: Any cable tester for category 5 and above, any brands – Fluke, Wavetek Wandel & Goltermann, IDEAL, Microtest, Chauvin Arnoux, Metrel, Megger, Datacom
- Offer valid until January 15th 2018
- Old units must be returned to a SOFTING service partner for final recycling
- Only the local and remote unit must be returned, accessories, batteries and carrying cases do not need to be returned

WireXpert 500 is the perfect and affordable day-to-day cabling certifier up to 500MHz.

If you seeking highest performance in a future proof design, the WireXpert 4500 is the right tool with an industry highest frequency range of 2500MHz. WireXpert 4500 also supports multimode and singlemode fiber certification.

WireXpert 500 is fully upgradable to 2500MHz copper testing and fiber certification, should you need highest performance at a later stage.

WireXpert 500	WireXpert 4500
Advanced cable certification up to 500 MHz	First cable certification up to 2,500 MHz to support new TIA CAT8 and ISO Class I and II draft standard
DCS™ System: Dual Control System with color touch screen on local and remote unit	
Certifies to Industry standards – Class D/E/EA & Category 5e/6/6A	Most advanced cable certification for all standards: Class D/E/E A/FA, Category 5e/6/6A and the new draft CAT8 as well as ISO draft standards Class I and Class II
Meets TIA and ISO Level III accuracy requirements	Meets and exceeds TIA level 2G and ISO Level VI draft accuracy requirements
The affordable certifier for premise cabling and Industrial Ethernet	The only certifier supporting all data center, premise cabling and Industrial Ethernet requirements
	Performs extended fiber certification for on 850/1,300 MM and 1,310/1,550 SM fiber
Patch cords certification, Industrial Ethernet and End-to-End link testing on RJ45 and M12 connectivity	
Endorsed by companies worldwide	
Advanced reporting and documentation with eXport software
