**INSPECTION PLUS =
3 YEARS WARRANTY
FREE OF CHARGE**

INSPECTION PLUS

IT Networks

Regularly calibrated, warranty free of charge

The inspection PLUS includes the complete scope of services of the previous *Annual inspection*. With Inspection PLUS, you also receive and free of charge - if the recalibration is carried out on time of the recalibration - an extension of the standard 1-year warranty by one year.

If the inspection is carried out on time in the following year, the warranty is extension of the warranty for another year (up to a maximum of 3 years) is also possible.

Scoop of services:

- Check of devices and accessories supplied
- Recalibration of the devices
- Extension of the guarantee for another year

Conditions of participation

The new Inspection PLUS applies to all new devices from the WireXpert series if commissioned on time, at the latest when the warranty expires (i. e. 12 months after the purchase of the new device), as well as in the following year. In 2021, a transition period applies so that the Inspection PLUS is also available for all devices with a date of sale from 01.01.2020.
